

Start your luxury adventure today

Your luxury Retreat starts here.

Relax in style with our luxury cycling holidays, where the only thing you have to worry about is riding your bike. Once you arrive the only thing you'll need is a little bit of money for lunch... we take care of everything else, even the washing of your kit!

This is the cycling holiday dreams are made of. From the moment we pick you up at the airport every detail is taken care of; from the perfectly fitted carbon fibre bike to the exquisite 3 course evening meals with selected wines.

Our in-house baker will have afternoon tea, with freshly baked cakes waiting for you when you return from a perfect day being guided around some of the most breath-taking routes and vistas you will see on a bike; it's no wonder it's a regular spot for the pros.

Our qualified guides will ensure that your time in the saddle is pitched perfectly for you and if you need a sports massage at the end of a long day, we can even arrange that for you.

We have holidays to suit all abilities and once you have chatted with Mark, owner and guide leader, he will advise you on which holiday will be most suitable for your cycling experience.

At Cycle Retreats you don't have to worry about anything; just turn up at the airport, unplug your brain and let us take care of the rest. Rest assured, we have thought of everything for a perfect bespoke Cycling holiday.

The perfect cycling experience.

Our new stunning Retreat is a beautiful Finca hidden away in the mountains with amazing views and the high end luxury you would expect from Cycle Retreats.

The upstairs bedrooms are large with en-suites with two standard rooms per each bathroom. The Retreat is complete with open plan fire in the large cosy lounge area, full central heating throughout.

The dining and riders private area are enclosed with glass so you can admire the views while enjoying the home cooked food, locally sourced wines and produce. The grounds are magnificent with a large swimming pool, private seating areas, and an outside kitchen - all ample places to relax. The hammocks have been carefully placed in the trees to give you the most peaceful place to retreat to after a day's cycling, or you can meander down to the orchards to collect the fruit.

Still have energy? Then why not take advantage of the outside gym and workout area! Inside and outside we really have found you the perfect Retreat for your Cycling Holiday of a lifetime. It might have taken us till season 4 to get here, but that's because it had to be perfect for you. We can't wait to share Cycle Retreats with you.

Mark and Zoe will be along for the ride as they have their own accommodation on the grounds, just next to bike workshop and fitting area. Like everything at Cycle Retreats, it has all been thought of for you, so you just get to unplug, pedal and relax!

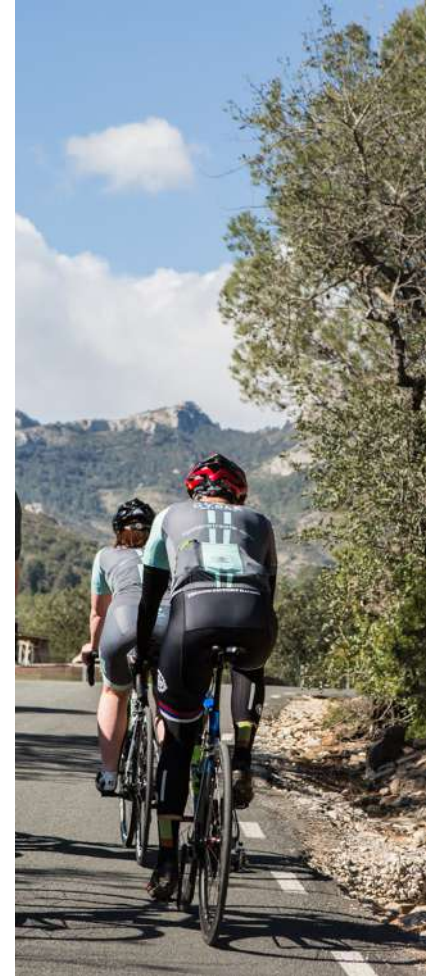

Costa Blanca is an ideal location for cyclists... and it has over 320 days of sunshine every year!

Whilst you will feel challenged on the bike, the routes are ridden without the worry of timescales and pressures of everyday life.

All you need to do is allow our qualified guides to show you around the quiet smooth roads, relax and enjoy the stunning scenery in the best way possible... on two wheels!

We pride ourselves on our ethos, **"Cycling done your way"**, so there is never a worry of the pace being too quick or too slow. We have years of experience managing cycling groups to ensure the pace is just right.

We offer 2 types of holiday at Cycle Retreats: Chilling Rider and Challenging Rider experiences - for groups we can create bespoke cycling packages to maximise your time with us.

Chilling Riders.

These routes are ridden at a relaxed pace where the focus is as much about the holiday experience as it is about the cycling.

The distance covered in a day is around 70km – 85km and whilst this may sound a lot, we have all day to cover the distance. The maximum you will ride at any one time is around 90 minutes before stopping for refreshments or lunch.

We take in some beautiful routes which are much gentler in terms of elevation but enough to feel challenged. In terms of elevation, you need to be comfortable climbing 500m to 1200m during the day on some wonderfully smooth rolling roads. All the rides are guided with a support vehicle on call.

We manage the rides with a flexible approach to ensure that whilst you will feel pushed you don't feel that the challenge is too much... after all it is your holiday.

Challenging Riders.

Best suited for seasoned cyclist or triathletes that have a wealth of experience in the saddle.

Whilst our retreat is not a training camp, we have countless breath-taking routes ranging in distance and difficulty from 80km of rolling roads to epic 140km challenging routes taking in some of the most famous climbs in the area.

We always stop at a local café for refreshments and then lunch at local traditional cafés to soak up the local ambience. All the rides are guided with a support vehicle on call.

We also offer mixed ability weeks so friends and family can ride together.

Feel free to bring your own bike, but if you don't want the stress of transporting your pride and joy we have it covered.

Our hire bikes are all fully carbon and less than 12 months old with Shimano 105 or Ultegra mechanical gears. The bikes are included as part of the package.

Fancy something a little more luxurious? We now have our own bespoke fleet of bikes which are Ribble SL full carbon frames with Shimano Ultegra Di2 gears and disk brakes with a compact chain ring and 32/11 cassette. Ask at the time of booking if you wish to reserve a Cycle Retreats bespoke bike.

All bikes will be fit to your measurements to ensure which ever ride you choose you are comfortable on it.

Bike hire.

Feel free to bring your pride and joy with you on the Retreat, but if you don't want the stress we have you covered.

We have a number of bike options for you. Our excellent hire bikes are all fully carbon, less than 12 months old and are included as part of the package.

Hire Bikes Specification

- Orbea / Canyon / Eddy Merckx or similar and are full carbon road bikes.
- Shimano 105 / Ultegra group-set
- 28/11 cassette with a compact chain ring

Cycle Retreats Bespoke Upgrade with custom Cycle Retreats paint job (£70 per week or £40 for 4 nights)

- Ribble SL Full Carbon frame
- Ultegra Group set
- Di2 electronic gears
